## **Eugenia Falls Conservation Area Management Plan Public Open House**

Grey Sauble Conservation Authority (GSCA) is working with community stakeholders and the public to develop a management plan for Eugenia Falls Conservation Area. Since the property was purchased in 1968, there has not been a management plan in place. This new plan will guide the development of several key recreational facilities and supporting infrastructure such as washrooms, picnic pavilions, parking lots, bridges, and trails. It will also provide an action plan that will balance the protection of natural and cultural heritage values with public access and meaningful visitor experiences.

Please join GSCA on **Saturday, November 5<sup>th</sup> from 10 am to 12 pm at the Flesherton Kinplex** (102 Highland Drive, Flesherton) to learn more about the proposed plan and share your ideas, both big and small. Be prepared to discuss the connection you have to Eugenia Falls, as well as what you believe are the property's Strengths, Weaknesses, Opportunities and Threats.

It is strongly encouraged to visit the property and review the draft plan before the meeting.

To RSVP for the Open House and view the draft plan, please visit:

### **Background:**

Our vision is a healthy watershed environment in balance with the needs of society.

Our mission, in partnership with the stakeholders of the watershed, is to promote and undertake sustainable management of renewable natural resources and to provide responsible leadership to enhance biodiversity and environmental awareness.
