Congratulations were given to Sonya Skinner in her new role as CAO of Grey Sauble Conservation and also to Elwood Moore for his past service as the longest serving member of anyone within all Conservation Authorities.

5. **Approval of Minutes**

a) Full Authority – November 9th, 2016; and
b) Full Authority – December 14th, 2016

**Motion No.:**

FA-17-002

**Moved by:** Jaden Calvert

**Seconded by:** Al Barfoot

THAT the Grey Sauble Conservation Authority Board of Directors approve the Full Authority minutes of November 9th, 2016, and December 14th, 2016.

Carried

6. **Business Out of Minutes**

a) Organizational Chart

As per direction from the Board at the December 14th, 2016, meeting the organizational chart was presented with positions that are funded in the proposed budget. Paul Eagleson felt it would be beneficial if all positions listed on the chart had the person who is in that position.

7. **Remarks from the Chair**

Dick Hibma, Chair, made a presentation to the Board on the following items

- This year is Grey Sauble Conservation’s 60th anniversary. For 60 years we have been providing planning services to protect our environment.
- We have 30,000 acres of Grey Sauble owned land for everyone to use, enjoy, and benefit.
- 2017 is a time to celebrate our accomplishments and look forward.
o Grey Sauble took the lead role for Drinking Water Source Protection for Grey Sauble as well as North Bruce Peninsula and the Saugeen Valley, with the staff working out of the Authority offices. It is working well. We welcome DWSP staff as GSCA employees.

o DWSP staff are implementing the risk management program for 12 municipalities. It’s a win for the GSCA region.

o 2016 had a record rainfall event, which broadened the Authority’s role and actions with unpredictable weather patterns.

o Staff worked diligently to acquire a piece of property at Old Baldy which acquisition works well with the present property.

o The McKay payment systems was implemented in 2016 which allows people to pay fees for entry to Grey Sauble Conservation areas by an app on their phone or by phoning a toll free number. Donation boxes previously at Conservation Areas were often stolen, and the online option has netted more income for lands work.

o The Authority and the Foundation continue to work together on numerous projects. It is a great working relationship.

o The Authority participated in the Extraordinary Tree Program lecture series. It was fascinating with photos, essays, and a book being published on the series. Non-traditional partnerships and participants were involved in this program, including the Art Gallery, Grey Roots, and Steven Hogbin. The series sold out.

o GSCA’s mapping is the best local information available, and supports GSCA and municipal decisions. The information is shared with municipalities and helps out in making planning and forestry operate more effectively and efficiently.

o The NEC had made a proposal to expand the area that they covered in Grey and Bruce Counties which would affect property owners and municipalities. GSCA lent their voice in asking the NEC to hold off on the expansion. The expansion was put on hold due to numerous similar requests/comments.

o Forestry staff have reviewed the Forestry Management Program and growth yield and it is not what we anticipated.

o John Cottrill retired from his position as CAO on September 30th, 2016. Sonya Skinner started in the position of CAO on November 1st, 2016. We are encouraged by what we have seen of Sonya in this position.

o Both staff and the Board throughout the year respond both professionally and with expertise, to many issues that come up.
The MNRF is reviewing the Conservation Authorities Act which dates back to 1946. No commitments have yet been received from the MNRF with regards to funding for conservation authorities or a multi-ministry table.

Authorities deal with erosion on a daily basis. We are losing agricultural capacity because of erosion.

A new strategic plan will be prepared to guide us in collaboration with Municipalities, Ministries, and residents.

In 2017 we are looking to have viable and sustainable facilities, address potential upcoming staff retirements, carry out a stewardship pilot, and dealing with some invasive species.

It is our privilege to serve people locally as well as visitors so that they can get outdoors and enjoy all that we have to offer within the Grey Sauble watershed.

8. **Election of Officers**

Dick Hibma and Harley Greenfield vacated their Chairs.
All positions are vacant.

a) Appointment of Chair Pro Tem

Wayne Brohman was appointed as Chair Pro Tem.

b) Review of Voting Procedures

Wayne Brohman reviewed the voting procedures and asked if there were any questions.

FA-17-009 Seconded by: Jaden Calvert

THAT Bill Moses and Rodney Saunders be appointed to the Grey Sauble Conservation Arboretum Alliance.

Carried

12. Members’ Update on Legal Services and Auditor Contracts for 2017

Collins Barrow provides audit services for the Authority. For legal services, Middlebro’ & Stevens provide services for real estate and local issues, and Garrod – Pickfield for Planning Act, CA Act and OMB Hearings.

No new contracts or renewals for these services are required in 2017.

13. Correspondence - nothing at this time

14. Business Items

a) Water Management
1. Purchase of Phragmites Cutters

Funded by the Beaver River Watershed Initiative group, GSCA managed the purchase of two gas powered underwater weed eater/hedge trimmer units for the control of invasive plant species at the cost of $2,000. When not in BRWI’s use, BRWI has agreed to make these units available to other non-profit volunteer groups, and GSCA will manage the instruction and bookings.

This purchase has been welcomed by stakeholders. In particular, this equipment can be used by groups such as the Lake Eugenia working group who previously did not have access to appropriate in-water cutting equipment.

Ana Vukovic asked if the Town of South Bruce Peninsula would be able to borrow the equipment for a volunteer group in their Town. GSCA agreed to send a description of the phragmites cutters and their availability to all watershed municipalities with an explanation of how to book the equipment, that they are only available to volunteer groups, and that they must receive and adhere to safety instructions. Phragmites eradication best practices are also available.

b) Environmental Planning

1) Section 28 Permits – November 1st to December 31st, 2016

Motion No.: FA-17-010
Moved by: Jaden Calvert
Seconded by: Cathy Little

THAT the Grey Sauble Conservation Authority Board of Directors receive the list of permits under Ontario Regulation 151/06 – “Development, Interference, with Wetlands and Alterations to Shorelines and Watercourses Regulation”, for November and December 2016.

Carried
2) Request for Fee Waiver by the Bruce Trail Conservancy

Tim Lanthier, Watershed Planner, made a presentation with regards to Consideration of Request to Waive a Planning Review Fee for the Bruce Trail Conservancy, and Recommendations to Update the GSCA Planning Review Fee Waiving Policy

- The GSCA Environmental Planning Department recently received a request to waive the planning review fees for a Bruce Trail Conservancy (BTC) Niagara Escarpment Commission (NEC) Development Permit application and a Municipal consent to sever application.
- The subject property is in the Municipality of Grey Highlands, approximately 300m north of the intersection of Grey Road 40 and Grey Road 7.
- Typically, for any applicant, in this type of situation we would waive the consent to sever fee to avoid duplication as the NEC application has already considered the severance.
- Therefore, the typical fee for an NEC permit review in this situation for any applicant would be $250.
- Historically, the GSCA has received several requests to waive or reduce fees for various reasons. Fee waiving requests from the BTC have historically been granted.
- At the September 8th, 2010, Board of Director’s meeting, GSCA staff prepared a report and Resolution FA-10-89 was passed adopting a policy allowing for waiving of planning and regulation fees in the case of personal hardship to the applicant, and for not-for-profit organizations with similar conservation or resource management objectives as GSCA, with Board of Directors approval.

The following discussion by the Board of Directors included:
- The fee should be waived for the Bruce Trail Conservancy as the group is strictly a volunteer group who do a significant and valuable amount of work managing trails. The group does a lot of work for the community.
- The fee schedule is in place and it should be adhered to.
- The Authority typically receives between one and three applications per year from the Bruce Trail Conservancy.
Requests from the Bruce Trail have been granted in past. The Group is aligned with conservation and the fee should be waived.

In 2010 the Board did pass a motion to approve a policy on waiving fees. The Authority staff would like to include policy direction in a planning policy document and/or fee schedule which allows the CAO the discretion of waiving fees.

The Board and the Authority staff want to be open and transparent.

Motion No.: Moved by: John McGee
FA-17-011 Seconded by: Jaden Calvert

THAT the three motions with regards to an exemption to pay a fee for the Bruce Trail Conservancy, as amended, be separated and voted on individually.

**Motion amended at BOD’s mtg held Feb 8/17 by deleting words “as amended”**.

Carried

Motion No.: Moved by: John McGee
FA-17-011-1 Seconded by: Jaden Calvert

THAT the GSCA Board of Directors grant the Bruce Trail Conservancy’s request for relief from the GSCA’s planning review fees for this application.

CARRIED on endorsed division

Paul Eagleson and Shawn Greig were opposed

Motion No.: Moved by: John McGee
FA-17-011-2 Seconded by: Jaden Calvert

THAT the GSCA Board of Directors grant the Chief Administrative Officer the authority to waive planning and permitting related fees for the Bruce Trail Conservancy into the future, and THAT any such action shall be presented as information to the Board of Directors at the next Full Authority meeting.
Prior to a vote being taken on Motion FA-17-011-2, the following amendment was presented

**Motion No.:** FA-17-011-2A  
**Moved by:** Marion Koepke  
**Seconded by:** Ana Vukovic

**THAT Item No. 2 be amended as follows:**

**THAT** the GSCA Board of Directors grant the Chief Administrative Officer the authority to waive the fees for up to three (3) planning and permitting related applications per year by the Bruce Trail Conservancy, and **THAT** any such action shall be presented as information to the Board of Directors at the next Full Authority meeting, with any requests in excess of three (3) being brought to the Board for their review.

**CARRIED on endorsed division**  
Shawn Greig, John McGee, Cathy Little and Paul Eagleson were opposed.

No further vote was taken on Motion No. FA-17-011-2 as this motion was amended and passed by Motion No. FA-17-011-2A

**Motion No.:** FA-17-011-3  
**Moved by:** John McGee  
**Seconded by:** Jaden Calvert

**THAT** the Board of Directors ask staff to include a similar policy, which meets the intent of Motion FA-10-089, into any future planning and/or fee policy document updates, and **THAT** the Board of Directors shall be provided the opportunity to review such document(s) prior to final approval.

**CARRIED on endorsed division**  
Shawn Greig and John McGee were opposed
c) Lands Update

1) Competition to fill Forestry Technician/Grey County Tree Cutting By-Law Officer Position

Carl Sadler who is currently in the position of Forestry Technician/Grey County Tree Cutting By-Law Officer, is retiring effective January 27th, 2017. Another staff person within the Authority’s organization is temporarily in this role. The position will be posted internally for a week.

d) Forestry, Fish, and Wildlife

1) Forestry Consultation plan/Committee Meeting Date

The planned meeting for loggers, sawmill owners and others in the forestry industry will be scheduled for the end of March or the first week of April, with intent to seek feedback on GSCA’s approach to forest management and tendering of forest work.

Shawn Greig asked about the delay in the meeting date since fall 2016, and Sonya Skinner explained that the time will enable another Forestry Committee meeting to review the Forest Policies document, and the receipt of recommendations from the GSCA review of the Authority’s standard forestry tender package.

e) Communications/Public Relations

1) Open House for Realtors on Land Use Planning and Source Water Protection

An open house is scheduled for February 15th, 2017, at the Grey Sauble Conservation Administration Centre for the Realtors of Grey Bruce Owen Sound, with Land Use Planning and Source Water Protection being discussed.
f) Administration

1) Receipts and Expenses – November 2016 and December 2016

Motion No.: FA-17-012 Moved by: Jaden Calvert
Seconded by: Cathy Little

THAT the Grey Sauble Conservation Authority Board of Directors approve the receipts and expenses for November 2016 and December 2016.

Carried

2) Cleaning Contract

The Authority is tendering for a cleaner for the Administration Centre with the closing date of January 13th, 2017, with the contract commencing February 1st, 2017. We would like to award the contract prior to the next BOD’s meeting scheduled for February 8th, 2017. Authority staff have made an estimate on a reasonable price for this tender and have placed that estimate in a sealed envelope. After the tender opening, staff will evaluate the price submitted compared to our estimate and planned budget, and an e-mail will be sent to the BOD’s with regards to the prices received and what was estimated in the budget. References will also be checked on the low bid received.

3) Potential MNRF Support for Stewardship Position

Under the Southern Georgian Bay Shore Initiative, a representative from the Ministry of Natural Resources and Forestry has talked to CAO Sonya Skinner with regards to funding towards the proposed Stewardship position within Grey Sauble Conservation. This work appears to be very complimentary with the proposed Stewardship pilot position, and the work can be combined. Authority staff will seek to confirm the work and funding.
4) Municipal Presentation date for draft budget
   - Town of South Bruce Peninsula, Town of the Blue Mountains, and the Township of Chatsworth, and the Municipality of Arran-Elderslie Directors indicated that a council presentation is not required in their municipalities, and they have had enough briefing personally on the material.
   - There will be a council presentation in the Township of Georgian Bluffs on Jan. 18th at 7:15pm.
   - For the Municipality of Grey Highlands, Director Cathy Little is checking with Clerk Debbie Robertson and the new CAO Rob Adams to determine next steps. At minimum, the GSCA letter and the draft Budget will be on the agenda for their next Council meeting on January 25th at 7 pm.
   - Following the advice of Marion Koepke the Authority is following up with Kate Allan about a presentation at the City of Owen Sound’s Corporate Services Committee in early February. The City’s Budget is going to Council on Jan. 30th.
   - For the Municipality of Meaford, Jaden Calvert suggested a presentation to Council and Sonya Skinner is following up with Margaret Wilton-Siegel the Deputy Clerk/Council and Accessibility Coordinator.

5) Budget/Finance Meeting with Watershed Municipal Clerks/CAOs

A budget/finance meeting has been scheduled for Thursday, January 12th, 2017, with Watershed Clerks and CAOs, and applicable department leads are also welcome. A brief overview will also be given on the responsibilities of each department at Grey Sauble Conservation.

15. **Closed Session** – nothing at this time

FA BOD’s Minutes
Jan 11/17 – Pg 15
16. **Chairman’s Report**

Since the last meeting, Dick attended the A D Latornell Symposium. There has been a book launch for the Extraordinary Tree Series. He attended a Forestry Committee meeting. Kim Gavine, Conservation Ontario, met with Dick and Sonya at the Grey Sauble office on December 2nd and gave staff an overview of Conservation Ontario. Attended a Conservation Ontario meeting on December 5th and reviewed the DWSP work plan with the Carl Seider and the DWSP Management Committee on December 19th.

**THAT** the Grey Sauble Conservation Authority Board of Directors receive the Foundation minutes of November 9th, 2016.

**Carried**

b) Next Meeting – February 8th, 2017, at 1:15 p.m.

c) Jones Falls

Al Barfoot made the Board and staff aware that he believes Jones Falls should be more visible from the highway, and that several dead trees seem to be blocking the sight lines. Chris Hachey advised that about six years ago Grey Sauble Conservation made improvements to access the falls via a side-road, and there are three public access points to Jones Falls. In the past there were comments about whether additional views could contribute to driving distraction. Staff will review the issue and report back to the Board.
18. **Adjournment**

Ana Vukovic made a motion to adjourn at 3:50 p.m.

“Original Signed”
