**APPENDIX A - SCHEDULE 3 (b) in municipal Planning Agreements**

<b>Technical Clearance</b>	<b>Flat Fee 2022</b>
1. <u>Scoped Site</u> Environmental Impact Studies for proposed mitigation measures related natural heritage features.	\$680.00
2. <u>Full Site</u> Environmental Impact Studies for proposed mitigation measures related to any natural heritage features.	\$1510.00
3. Sub-watershed Study/Master Drainage Plan or Tributary Study	\$680.00
4. Storm water management studies and proposed facilities.	\$1,510.00
5. <u>Scoped Site</u> Impact studies and proposed mitigation measures for any proposal that is potentially impacted by natural hazards (flooding, slope stability, shorelines)	\$680.00
6. <u>Full Site</u> Impact studies and proposed mitigation measures for any proposal that is potentially impacted by natural hazards (flooding, slope stability, shorelines)	\$1,510.00
7. All technical clearance fees are subject to the <b>Supplementary Fee</b> , where applicable, in addition to the flat fee	See Note 5 below

Notes and Definitions:

1. For the purpose of this fee schedule, Scoped Site studies are generally recommended in situations where the nature of the natural feature or hazard is well documented, similar development has been previously proposed, modeled and analyzed, impacts are not expected due to the location or nature of a proposed development, and mitigation options have been developed.
2. For the purpose of this fee schedule, Full Site studies are generally recommended in situations which are more complex, where information is lacking, or where the risk or significance of the impact is high.
3. Where the Authority has identified the need for technical clearance through its comments to the Municipality the applicant will obtain the clearance directly from the Authority and will submit the appropriate fee as specified in the schedule of fees directly to the Authority.
4. Where a Conservation Authority development permit approval is required in addition to the planning approval, the fee for the Conservation Authority permit may be discounted at the Authority's discretion.
5. For the purpose of this fee schedule, the Supplementary Fee applies when the Conservation Authority chooses to use specific technical assistance from another source to supplement their review of a technical document, and hereby direct costs are incurred by the Authority. This fee is in addition to the flat rate fee and is to be paid by the proponent directly to the Authority. The Supplementary Fee charged to the proponent is equal to the costs invoiced to the Authority by the other source for that specific review.
