

Rocklyn Creek Management Area – Compartments 136 & 137

Concession 11, Part Lot 1, (former St. Vincent Township), Municipality of Meaford, Grey County

Concession 9, Part Lot 30, Concession 10, Part Lot 30, (former Euphrasia Township), Municipality of Grey Highlands, Grey County

Rocklyn Creek Management Area (Compartments 136 & 137) will be closed starting August 24, 2023 due to a scheduled pine thinning operation and is anticipated to be reopened by November 1, 2023.

All trails on these properties will be closed to ensure the public's safety.

The goal of Grey Sauble Conservation Authority's (GSCA) Forest Management Program is to maintain healthy, diverse forest ecosystems which will provide many environmental, ecological, social and cultural benefits. The harvest operation, identified in our Forest Management Plan, will involve removal of trees to improve and maintain the health of the residual forest. The trees to be removed are carefully selected based on their vigour and quality. Wildlife habitat features such as stick nests, cavity trees and mast trees area retained to provide food and shelter for wildlife.

Wood from this harvest will provide lumber, renewable energy and firewood. Revenues generated by this operation support the conservation efforts of GSCA and the local economy.

The results of this pine thinning operation will be a healthy, diverse ecosystem that provides forest products, valuable wildlife habitat and recreational opportunities for the residents of our watershed.

This operation is consistent with GSCA's mandate to further the conservation, restoration, development and management of natural resources.

For further information about this closure and the stand improvement operation please contact GSCA at 519-376-3076.
