

FOUNDATION CONNECTION

The Grey Sauble Conservation Foundation (GSCF) was established in 1993 and is a federally registered, charitable, not-for-profit organization that raises money to assist the Grey Sauble Conservation Authority (GSCA) fund programs and projects. The Foundation offers opportunities for the public to actively participate in conserving and enhancing the natural heritage that exists within the GSCA watershed.

2023 Accomplishments

The Earth Film Festival

The 6th annual Earth Film Festival was held at the Roxy Theatre on April 20, 2023. The theme for the festival was a chilly one, highlighting the southern most continent, Antarctica, and featured the film "Antarctica from Above" and a presentation by Marine Biologist and local artist, Sarah McComb-Turbitt, who shared stories of living amongst penguins on a sub-Antarctic island. The festival included two matinee presentations for schools and an evening presentation that was open to the public. This event raised \$5500 which will support local conservation projects and environmental education initiatives.

Memorial Forests

The three Memorial Forest sites are maturing and expanding with new trees that were planted by GSCA staff and GSCF volunteers in May 2023. At this time, staff also tended to the existing memorial trees and completed necessary maintenance that keeps our Memorial Forest sites beautiful places to visit and remember loved ones.

The Commemorative Ceremony was held on June 11, 2023, remembering those who had a tree planted in their honour. Please note that memorial trees must be purchased by December 31, 2024 to be included in the 2025 ceremony.

Supporting Programs and Capital Projects

The GSCF provided funding for many programs, project, and events in 2023, including the Grey Bruce Children's Water Festival, the Bruce Grey Forest Festival, and the Benthic/BioMAP Monitoring program which helps GSCA acquire water quality data that is used for the Watershed Report Card. Funds raised also supported the Inglis Falls Arboretum Alliance's tree and shrub labeling project and the construction of a new bridge at Inglis Falls Conservation Area. Projects like these enhance visitor experience by providing educational opportunities and better access to nature!

Conservation Awards

The GSCF presented the \$2000 Malcolm Kirk Environmental Award to Alexander Adair, a student from Owen Sound District Secondary School who is now pursuing a degree in Wildlife Biology and Conservation at the University of Guelph.

Conservation Awards were also presented at 6 secondary schools throughout Grey and Bruce. The \$200 award is available to students who demonstrate positive environmental and conservation ethics. The 2023 recipients were: Morgan Daries (Bruce Peninsula Secondary School), Cory Wattenburg (Peninsula Shores Secondary School), Annika Bringieson (Owen Sound District Secondary School), Ayden Agius (Georgian Bay Community School), Joshua Stewart (St. Mary's High School), and Grace Mullin (Grey Highlands Secondary School).

Dates to Remember

April 19, 2024: Earth Day Hike

May 16, 2024: Earth Film Festival at the Roxy Theatre in Owen Sound

June 9, 2024: Memorial Forest Ceremony

Grey Sauble Foundation 500 Club

The Grey Sauble Foundation 500 Club is a network of business and community leaders who recognize the importance of conserving nature. GSCF 500 Club members commit to donating \$500/year or \$42/month, which includes the annual Foundation Membership fee (\$25). Twenty percent of the \$475 commitment will be directed to the Conservation Endowment Fund and eighty percent will support Conservation projects.

Help Support Conservation Projects

Please consider making donations to the Grey Sauble Conservation Foundation and help GSCA maintain and enhance our beautiful conservation areas.

You can also show your support by purchasing a GSCA Membership parking pass (\$45+ HST for residents and \$80+ HST for non-residents) and enjoy visiting GSCA properties all year.

Volunteer with the Foundation

Discover the joy of giving back to nature! We are always looking for new volunteers to help us raise funds and provide resources to support the vital work of GSCA.

Volunteering with the Grey Sauble Conservation Foundation means becoming a conservation champion and contributing to the well-being of our environment, supporting environmental education initiatives, and enhancing local nature-based recreation opportunities.

If you have experience with fundraising, event planning, or maybe you just have great ideas and a passion for nature, we invite you to join the Grey Sauble Conservation Foundation—let's make a positive impact together!
